TRMC Price Transparency

In 2021 the average billed charge was 8 units or \$600 per anesthesia case.

Medicare would allow on average - \$168.56

BCBSAL would allow on average - \$352.80

I think a fair self-pay rate would be \$200-250?

If we charge a flat fee per base unit I would recommend \$50 per unit.

Best regards,

Joe Gribbin, Jr
